

## The Brewood and District Voluntary Car Scheme.

We provide lifts for villagers, who need to get to doctors surgeries, clinics or hospital appointments. We have wonderful volunteer drivers who take the clients to their destination and return them home. Drivers are reimbursed, their expenses at a set mileage rate.

If you volunteer as a driver we promise:

- to only ask if you are available at times that you have stated you **might** be available
- not to pester you for support at any other times
- to receive your decision to decline a trip, for whatever reason, without question or pressure to accept

If all of this sounds reasonable and you feel you might give it a try, please ring 01902 851786 to have a chat.
